

Yousif Saad

Programmer

Profile

- Hey there, I'm Yousif Saad, a 18 year old programmer residing in Turkey with roots in Iraq. I bring proficiency in coding across a diverse range of languages, including C#, Python, HTML, JavaScript, MySQL, PHP, CSS, and Lua. Additionally, I'm well-versed in utilizing the Unity engine and consider myself a skilled game developer, website developer, graphic designer, and overall freelancer.
- My ability to quickly grasp new concepts and eagerness to learn make me a versatile contributor. If you have any projects or tasks that could use my expertise, feel free to reach out I'm here to help!
